Quorum Announces Addition of H. Bruce Wallace to the Gas Measurement Practice

Houston – August 14, 2008. Quorum Business Solutions, Inc. (“Quorum”), a leading provider of business and information technology solutions for the oil, gas, and renewable energy industry, announces the addition of industry veteran Bruce Wallace to the PGAS Measurement practice. Bruce has extensive experience in project development and implementations and brings great insight into the measurement industry.

“We are excited to have Bruce join the senior management team,” says Paul Weidman, CEO of Quorum. “He is tremendously talented and accomplished and brings a wealth of industry experience from both a business and technical standpoint.”

Bruce is a 23 year industry veteran who began his career at Mustang Fuel as a Roustabout and Dispatcher / Gas Controller. In 1987, he joined Enogex, Inc. where he held a wide variety of measurement related positions before leaving in 2006 as a Manager of Gas Measurement Data Processes. Prior to joining Quorum, Bruce served as the Director of Measurement for Regency Gas Services.

About Quorum Business Solutions, Inc.

Quorum Business Solutions, Inc. is a software and consulting solutions company that develops, implements, and supports a suite of business software solutions for the energy industry with a unique approach to providing a longer product life span. Founded in 1998, Quorum employs over 300 staff operating out of offices in Houston, Dallas, and Calgary. Quorum has ongoing relationships with over 90 clients, among which 25 Fortune 500 Companies are represented. Throughout its ten year history, Quorum has successfully completed over 400 business and information technology projects.

The Quorum Energy Software Suite is a set of integrated business applications designed for companies that produce, gather, transport, process and market oil, natural gas, natural gas liquids, LNG, wind generation and other energy commodities. The inherent integration of the suite allows the products to work together to facilitate straight through processing of the full energy value chain.

For more information, visit Quorum's web site at www.qbsol.com or call us at 713-430-8601.
